

## REMARKS

By the present amendment claims 1, 3, 5, 9, 10, and 13 have been amended; claims 2, 4 and 19 have been cancelled; and claims 22-54 have been added. As a result claims 1, 3, 5-18 and 20-54 are presently pending in this application.

### Drawings

Drawings are objected to under 37 CFR 1.84 (l) and 37 CFR 1.84 (p)(3). Applicants herewith submit corrected drawing sheets.

### Claim 1

Claim 1 includes all the limitations of claim 1, 2 and 4 and therefore corresponds to original claim 4 which was indicated to be allowable by the Examiner if rewritten in independent form. Claims 11-18 and claims 20-31 directly or indirectly depend from claim 1 and should be allowable as well, at least for reason, as well as for the features recited therein.

### Claim 3

Claim 3 includes all the limitations of claim 1, 2 and 3 and therefore corresponds to original claim 3 which was indicated to be allowable by the Examiner if rewritten in independent form.

### Claim 5

Claim 5 includes all the limitations of original claims 1, 2 and 5 and therefore corresponds to original claim 5 which was indicated to be allowable by the Examiner if rewritten in independent form. Claims 32-42 depend either directly or indirectly from claim 5, and should be allowable as well, at least for this reason, as well as for the features recited therein.

### Claim 9

Claim 9 includes all the limitations of original claims 1 and therefore corresponds to original claim 9 which was indicated as being allowable by the Examiner if rewritten in independent form. As claims 43-54 depend either directly or indirectly from claim 9 and these claims should be allowable as well, for this reason, and well as for the features recited therein.

**Claim 10**

Claim 10 includes all the limitations of original claims 1, 10 and 15. Claim 10 was indicated by the Examiner to be allowable rewritten in independent form. Application has so done, and also added the limitation of dependent claim 15 as well. Claim 10 is believed to be allowable.

**Claims 22-54**

New claims 22-54 depend from one of the independent claims indicated above and should be allowable at least for that reason as well as for the features recited therein. The features of claims 22-54 were originally disclosed in the application as filed.

There being no other issues, Applicants believe that all of the claims of the application are now in condition for allowance. Should the Examiner believe that any additional modifications are necessary to advance the prosecution of the present application, he is invited to telephone the undersigned at the number indicated below.
